Perimeter Institute is currently seeking a dynamic, ambitious and visionary leader to assume the position of Academic Program Director in spring 2014.

Working closely with PI’s Director, Neil Turok, and PI Faculty, and in collaboration with partnering universities, the Academic Program Director is charged with building upon the institute’s existing highly innovative training programs in theoretical physics, including:

- PI’s Master’s program, Perimeter Scholars International
- The Perimeter Institute PhD program
- Advanced undergraduate and graduate fellowships and internships at PI

Further information on Perimeter’s training programs can be found at the following link: [www.perimeterinstitute.ca/training](http://www.perimeterinstitute.ca/training)

Applicants for the position of Academic Program Director should have a commitment and passion for interactive, student-centred, discovery-based learning. They should hold a PhD in Theoretical Physics, have senior administrative experience at the university level, strong existing relationships in the academic community and a thorough knowledge of physics curriculum at the undergraduate, masters and PhD levels. A good knowledge of the Canadian academic community is a definite asset.

For further information about this opportunity and to apply online, please visit our website at [www.perimeterinstitute.ca/academic-program-director](http://www.perimeterinstitute.ca/academic-program-director)

Applications should be received by October 30, 2013; however applications will be accepted until the position is filled.

Perimeter Institute for Theoretical Physics is a leading international research centre whose goal is to catalyze breakthroughs in our understanding of the physical universe. In keeping with its three-pronged mandate of research, training and outreach, Perimeter Institute provides outstanding research training opportunities to students at various stages in their education, from Undergraduate to Master’s and Doctoral levels. The Institute offers a dynamic environment and exceptional opportunities to the students accepted into its programs.

All qualified candidates are encouraged to apply; however Canadian citizens and Permanent Residents will be given priority. Perimeter Institute encourages applications from all qualified individuals, including women, members of visible minorities, native peoples and persons with disabilities.
